

Altina Wildlife Park is 207 hectares of natural bushland situated on the banks of the Murrumbidgee River.

Our mission is to create and maintain memorable educational visitor experiences and in so doing inspire unity in our mission to conserve wildlife and the environment.

This outstanding **Safari Park** has unique personalised tours, accomplished in style via Horse Drawn or Motorised carts furnished with comfortable seats. The open-aired and leisurely feel of the tour will allow you to experience **close up encounters** with our animals. Whilst touring our Park that is cradled amongst towering River Red Gums, observe many splendid native bird and animal species such as Parrots, Emus, Birds of Prey, Kangaroos and Goannas. The highlights of the tour are the **majestic exotic animals** that roam in large open style enclosures where they are very content to feed near the cart as we stop for a closer look.

For **something a little more exciting** try our Behind The Scenes Tours where you feed and have the ultimate close up encounter with your chosen animals. (Packages available)
